## SALZBURGER ALMENWEG TRAIL

An unforgettable hiking experience over 350 km. On the Salzburger Almenweg trail, you're sure to leave your everyday life behind down in the valley.

It is one of the most beautiful long-distance hiking trails in the Alps and leads through the Pongau mountains to over 120 alpine pastures - 2 of the stages lead through Wagrain-Kleinarl.

An overview map & brochure with detailed descriptions of the 25 stages can be obtained free of charge from the Wagrain-Kleinarl Tourist Office and online at [www.salzburger-almenweg.at](http://www.salzburger-almenweg.at).

## SALZBURGER SPORTWELT HIKING BUS

Just show your Wagrain-Kleinarl Sportwelt Card and you can travel on the hiking bus for € 1,00 per person/journey (until 31.10.). Valid for routes to St. Johann im Pongau/Alpendorf, Flachau, Wagrain-Kleinarl, Radstadt, Altenmarkt-Zauchensee, Eben, Filzmoos, Grossarl/Hüttschlag, Forstau and as far as Obertauern. Just state your final destination to make use of the € 1,00 ticket even if you change buses.

# HIKING PASS

Keen hikers will find stamps for their hiking pass at many alpine huts as well as on peaks in Wagrain-Kleinarl. Show your hiking pass with the stamps collected at the Tourist Offices in Wagrain-Kleinarl and you'll be rewarded with a hiking pin (1 hiking pin per person/stay free of charge with the wagrain-kleinarl guest card). Pick up your free hiking pass from the Tourist Office.

## **NEW - Digital hiking pins**

Collecting hiking pins in Wagrain-Kleinarl is now also possible with your smartphone!

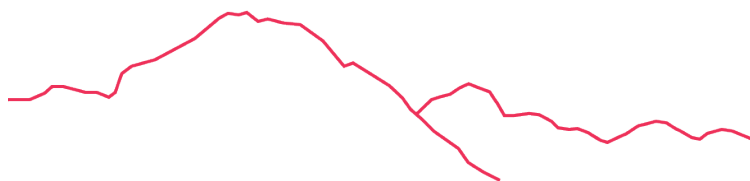

## **How does the digital pin work?**

Download the SummitLynx App (in the APP Store or in GOOGLE PLAY) to make entries in the virtual summit and/or tour book including photos and text and automatically collect points for the hiking pins. Keep a record of your alpine achievements online and prove to your friends that you have reached your goal. As soon as you have collected enough points for the hiking pin, you will receive a notification and you can pick up your souvenir as usual at the Tourist Offices in Wagrain and Kleinarl.

## SALZBURGER SUMMIT GAME

At the Tourist Offices as well as at various accommodations in the Salzburger Sportwelt region you can purchase your personal summit box. It contains the basic equipment with a tour book, a drinking cup incl. carabiner and a hiking map. Then it's off to climb the summits (walk at the bottom of the Bischofsmütze, **Hochgründeck** (p.26), **Penkkopf** (p.27), **Saukarfunktel** (p.24), Lackenkogel, Rossbrand, Gerzkopf) in any order you wish. Stamp your tour book at each summit. Incidentally, there is no time limit. You can, for example, start this summer and complete the game next summer. The summit game can even be played over several „years“.

For every stamp in your book, we will then give you a „collection summit“ for your drinking cup. In the summit books, you will find interesting information about the mountain and a ritual. Let them inspire you. Once you have climbed at least four of the seven peaks, a cool surprise awaits you at one of the tourist offices.

### Kleinarl

You start at the Champion Shuttle chairlift mountain station with the adventurous circular hiking trail. The 2.5 km long trail leads over 11 fun slides through the mountain meadows, past the funny „crazy Dolls“ to the organic mountain restaurant Lumberjack , where a stop for a bite to eat is certainly worthwhile. Now you can either go back through the forest with low ropes and climbing areas to the Champion Shuttle chairlift mountain station (another stop at the Gasthof Galler ) and take the lift down to the valley or you can hike - from the organic mountain restaurant Lumberjack - via the forest road back to the valley.
